

# P&F Distributors

HDPE Pipe IS OUR BUSINESS - Proudly  
Servicing California for over 50 Years

## Piping Solution for Agriculture, Irrigation and Quick Connect Applications

### Lowest Total Cost of Ownership

Lowest life cycle cost of any piping material when accounting for all costs: direct, indirect and operational costs

### Installation Flexibility – So Many Choices

Durable, lightweight and flexible paves way for installation methods whether above, below grade or around obstacles

### Long Continuous Length

Pipe lengths are available as 40-50 ft joints to reels spanning several thousand feet – When needing vast and customizable approach, Onsite extrusion technology is available as appropriate

### 50+ Year Rated – Same Pipe New and Old

Rigorous material strength and durability testing provides lifetime material performance

### Quick Installation

The quick connect and disconnect HDPE fitting can be joined effortlessly and efficiently thus eliminating heat fusion between pipe lengths

### Seismic Resistant Pipe

HDPE materials's elasticity and durability provides a critical lifeline and complete piping solution to seismically active regions
